- Customizable Dashboard
- Track different user interactions
- Row Evolution
- Scheduled email reports (PDF and HTML reports)
- SharePoint Search Analytics
- Custom Alerts
- Capture User Data from SharePoint User Profiles
- Heatmap Analytics
- Geolocation
- Session Recording
- Page Transitions
- Custom Reports
- Site speed & page speed reports
- User Flow

“

With Velocity

I do monthly reports and quarterly reports. It only takes me 30 minutes to do the report. Whereas before it would take up to two hours with Google Analytics
